

NAS "Our Artists" Submission Guidelines

These are the steps you need to follow if you are a member of the Nepean Art Society and would like to submit some of your paintings to be listed on our web site:

Maximum number of paintings you can submit: 10

Submission: Ideally you can submit them to me by email at: joecartwright@bigpond.com. Do not insert the images to your email but instead just attach each image file. If you don't understand what this means just give me a call. If you don't have access to email, then provide them on a CD and drop it off with a note to me at the Cottage.

If you would like to write a few words about you and or your art, please do so. Each artist will have a page to himself or herself so that it will be easy for you to let your friends know about it. If you have a personal web site then include that as well and I will place your link on our site.

Now, if you do not have access to a digital camera or a computer? You will need to be very nice to me so I can arrange to take some photos of your work with my camera; this would have to be at the cottage after one of my classes.

How often can you change your paintings: You can change the paintings you have on the site once a year in March. However if you are submitting for the first time, that can be done at any time.

You have to remain a financial member to have a page on our site and pages of non members will be removed.

Regards,

Joe Cartwright

Webmaster, Nepean Art Society
